

Special Diet Request Form

The staff at our summer resident camps want to provide the best experience it can for every camper. Facilities and budgets limit the possibilities but a sincere effort will be made to accommodate campers in your Unit with special dietary needs.

We need to know who these campers are and what is needed. The more detailed information the family can provide, the better we will be able to help. After completing the request form, we also need the Unit and the camper to identify themselves to our kitchen staff and to cooperate in helping us meet the request. Problems encountered should be addressed at once to the camp leadership.

Conditions at the resident camps are such that we need time to prepare and to be sure we can meet the needs of our campers. Please let us know at least 2 weeks in advance what special needs exist in your Unit. If we do not receive the form on time, we cannot guarantee that your needs will be met. Special diets that are planned in advance include; Vegetarian, Kosher and diets based on allergies.

Unit #: _____ Dates at Camp: _____

Scout's Name: _____

Daytime Phone #: _____ Evening Phone #: _____

Email: _____

List the special request being made and/or the allergies that must be addressed below:
