

## REGISTERING FOR CROSS PROGRAM OPPORTUNITIES

Sign-up for the ATV and Whitewater Courses in advance by completing the registration forms and/or other necessary requirements. Multi-day treks require at least 3 weeks in advance notice to the Program Director. For all other trips, advance sign-up is preferred but not required.

At Bear Paw, participants can be signed up during the Sunday evening roundtable. Participants attending Gardner Dam can be signed up at the Monday morning program meeting.

All reservations are made on a first-come, first-serve basis, but we will do all we can to make your programming wishes possible!

## CROSS PROGRAM KEY INFORMATION

Units must provide their own transportation between camps. Participants on Water Trips must pass the BSA Swimmer's Test at camp. Check the Resource Guide for complete descriptions and requirements including any additional costs. Contact the Council Office with questions.
